## CAPABILITIES:

The Race Label Junior machine was designed for labeling smaller bottles, jars and a variety of containers. These specific styles can be round, straight cylindrical, and even slightly tapered. This affordable, fast, accurate & spot on labeling “Beast” is ideal for Bath & Body care, Pharmaceutical & Personal Care, Food & Beverage, Hemp & CBD container labeling. The RL-JR can also apply labels to the smallest of vials, lip balms, essential oil bottles, cosmetic tubs and tubes with the optional [Lip Balm and Small Vial Attachment](#). Oval Lip balms, square nail polish bottles, and Lid labeling is also possible with a [Custom Nesting Plate](#).
